Pratik Doshi

BE in Computer Science from Gharda Institute of Technology

MS Advanced Computer Science from Cardiff University

Currently System Engineer at MacDonald Humfrey Automation, Luton, UK.

It gives me immense pleasure to say with pride that I have completed my engineering from Gharda Institute of Technology. For me, life in GIT has been breath-taking and enriching. The environment not only helped me in imbibing knowledge but also in developing my overall personality, fuelling confidence in me. Living in a GIT hostel away from home made me independent and aware of my responsibilities. At GIT I made friends and memories for life, which I truly cherish.
